Bind off all sts in knit on next row.

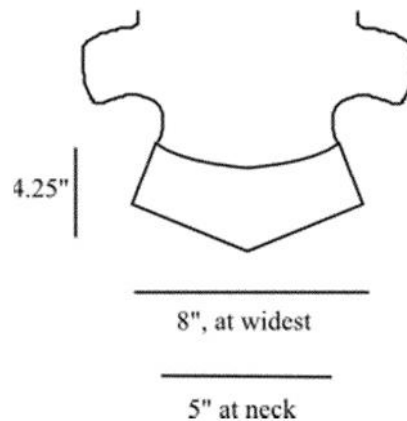

Ties: with 3 strands of yarn held together, each approximately 32" long, fold all strands in half and loop through the corner of the necklace along the cast on edge.

(You will have 6 strands of yarn, since the 3 strands were doubled.) Braid these strands together to form a 12" long braid. Tie a knot and cut strands.

Repeat this tie for the other corner of the cast on edge.

Weave in all ends. Block the necklace to measurements, pinning the center front point out to exaggerate it.

All measurements are after blocking
