

KidSeta
4 Long Striped Scarf/Shawl

Finished Size: Approx. 70" x 20" after blocking

Materials:

KidSeta: 1-- 25g ball each color: Color A = 85; Color B = 80; Color C 82; Color D = 91.

Gauge: 20 sts, 28 rows= 4" in st st before blocking.

Needles: 32" US Size 7 (4.5mm) needles, US Size 8 (5mm) needle- any length for cast on and bind off only.

NOTE: 2 rows more or less in any stripe will not make a big difference. Work as many rows as you can. Always change colors on a RS row.

Begin:

With larger needles, and color A, loosely cast on 300 sts.

Change to smaller needles. Work in st st for approx. 5", ending with a WS row. (You should be almost done with 1 ball).

Change to color B and work in st st for 5", or about the same number of rows as color A, ending with a WS row.

Change to color C and work in st st for 5", or about the same number of rows as color A, ending with a WS row.

Change to color D and work in st st for 5", or about the same number of rows as color A, ending with a WS row.

Bind off VERY loosely with larger needles using color D. Weave in all ends. Block out to maximize width.
